

Automotive Technology

Program Details

Certificate in Automotive Technology

Duration: 12 months

Associate Degree in:

- Automotive Technology **Duration:** 2 years
- Electric Vehicle Technology concentration **Duration:** 2 years

Career focus/Specialization: Auto and Electric Vehicle Technology, EV Charger Technology

Overview

Established in 1908, Franklin Cummings Tech’s Automotive Technology program is the oldest in the nation. Receive training from ASE-certified automotive professors with decades of experience in a full-service working automotive repair center, using state-of-the-art equipment. Learn how to diagnose and repair all makes and models — including hybrid, electric, and autonomous vehicles. Our flexible program allows you to study during the day or in the evening. You can launch your career in less than a year, then later apply the college credits you earned toward your associate’s degree in Automotive Technology. In our Associate Degree program, you can choose a standard automotive concentration or focus on electric vehicles, which will prepare you to work as a Hybrid/EV and charging station technician.

What You Will Learn

- Autonomous Vehicle Technology
- Brakes & Transmissions
- Electrical/Electronics Systems
- Engine Repair
- Emissions & Engine Performance
- Hybrid & Electric Technology

Career Paths

- Service Advisor
- Certified Electric Vehicle Technician
- Electric Vehicle Repair Technician
- Charging Station Technician
- Automotive Technician
- Internet Sales Coordinator
- Automotive Sales Manager

Job Outlook

Employers increasingly prefer that auto service technicians complete a program at a postsecondary institution. Auto service tech roles in the US are expected to total over 728,000 by 2029. The demand for qualified auto technicians is strong. (Source: US Bureau of Labor Statistics)

*College credits earned in this program can be applied (or "stacked") toward a related higher degree at Franklin Cummings Tech.

Here at Franklin Cummings Tech, we prepare our students to meet the ever-evolving needs of the future. Our programs offer students the opportunity to learn beyond textbooks, **make the world better for the next generation**, and experience lifelong career success.

Top Reasons to Choose Franklin Cummings Tech

1 Career-Focused

Our programs prepare you for the future. We help you find careers in high-demand fields, in roles where you will be paid well and can support your family. In fact, most of our programs boast **80-90%** job placement rates. Our partnerships with industry leaders and job fairs lead to real-world experience and careers for our graduates.

2 Affordable

Our tuition cost is **less than half** of the average tuition at four-year non-profit colleges or for-profit technical schools in Massachusetts. Here, you can enjoy school and the economic opportunities that come with a degree at a price you can afford. That is why **97% of our students receive financial aid**. Your future matters, especially to us.

3 Flexible

We offer day and evening classes to meet your schedule. Some programs take less than a year to prepare you for **immediate entry** into the workforce. When you're ready to continue your education, you can apply (or "stack") your 1-year certificate credits toward an associate or bachelor's degree. This flexibility helps you find a great job, quickly.

4 Supportive

We offer small classes—with no big lecture halls—allowing you to receive the individualized attention you need to thrive. Success coaches provide you personalized support every step of the way, which is why most Franklin Cummings students finish on time.

We are an Affirmative Action/Equal Opportunity institution that does not discriminate on the basis of age, race, religion, color, creed, national or ethnic origin, sex, sexual orientation, handicap, or disability in its education programs, employment, or in admissions to, access to, or treatment in its programs or activities.
