2024 Annual Security Report

Statistics for 2021, 2022, and 2023

Published September 2024

To the Campus Community:

Benjamin Franklin Cummings Institute of Technology believes in providing a safe, secure, and supportive academic environment for each of our students, employees, and guests. We also believe that in order to provide a productive educational experience, all of those associated with the college play a role in helping to foster this type of environment.

This report contains information related to campus safety efforts and prevention measures, as well as crime statistics. Please take the time to read this report and commit to providing a caring and safe environment for everyone associated with the college. This report is published annually in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics (Clery Act) that is required of all colleges and universities that participate in the federal student financial aid programs.

Should you have any questions about the content of this report, do not hesitate to contact us by e-mail at jcornog@franklincummings.edu or jwall@franklincummings.edu

Best regards,

Annual Security Report

College Emergency Operations Plan

A summary of Campus Safety and Emergency Management is located online at <https://franklincummings.edu/student-life/campus-safety/>

Daily Crime Log

The college maintains an Incident Report of all on campus incidents. This includes all crimes, not just crimes required for reporting through the Clery Act. An annual log contains recording of serious incidents that are reported to Franklin Cummings Tech Security by Boston Police or other law enforcement authorities with appropriate jurisdiction.

Fire and Emergency Reporting Procedures

In the case of fire and emergency situations that would impact the health and safety of the campus community, please first call 911 before further notifications are made to Franklin Cummings Tech Security as stipulated:

The City of Boston Fire Prevention Code sec 28.01(a-d), specifies reporting requirements. Section 29.02 clearly states, “no person shall require, make, post or maintain any order direction, or regulation written or verbal that would require or direct anyone to delay reporting a fire to the fire department.”

Campus Security Authorities

While the college prefers that community members promptly report all crimes and other emergencies directly to Franklin Cummings Tech Security or to the Boston Police Department, we also recognize that some may prefer to report incidents to other individuals or college offices.

Under this law, Campus Security Authorities (CSAs) are mandated to report crimes brought to their attention for immediate action by Franklin Cummings Tech and for inclusion in the Annual Security Report.

A CSA is an “official of an institution who has significant responsibility for student and campus activities, including but not limited to student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

The following are CSAs for Benjamin Franklin Cummings Institute of Technology:

Reporting Crimes and Other Emergencies

Policy for Timely Warnings

It is the college’s policy to be open with students and employees about security matters. When Franklin Cummings Tech Security becomes aware of a Clery Act crime that may pose a serious or ongoing threat to members of the community, a “timely warning” will be issued. Franklin Cummings Tech Security will issue these warnings upon conferring with the Chief of Staff, the Dean of Academic and Student Affairs or the Dean of Finance and Administration.

Timely warnings will generally be posted for Clery Act crimes including, but not limited to, homicide, robbery, aggravated assault, burglary, sexual assaults, and hate crimes. Franklin Cummings Tech Security will disseminate these warnings in a variety of ways, including, but not limited to, community email messages.

The purpose of these timely warnings is to notify the campus of the incident and to provide information that may enable individuals to protect themselves from similar incidents. The college will issue timely warnings whenever the following criteria are met: (i) a Clery Act crime is committed; (ii) the perpetrator has not been apprehended; and (iii) there is substantial risk to the physical safety of other members of the campus community because of this crime. Timely warnings will often ask members of the community for help in gathering information about an incident or in identifying those responsible by contacting Franklin Cummings Tech Security at 617-588-1355.

Policies for Preparing the Annual Security Report: Disclosure of Crime Statistics

Franklin Cummings Tech prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act (Clery Act) using information maintained by Franklin Cummings Tech Emergency Management team, information provided by

other College departments and Campus Security Authorities (CSA's), and information provided by the Boston Police Department Office of Research and Development.

This report provides statistics for the previous three years concerning reported crimes that occurred on-campus, in certain off-campus buildings or property that is owned, leased, or controlled by Franklin Cummings Tech. This report also includes institutional policies concerning campus safety and security.

Reporting of Criminal Offenses

We encourage all members and guests of the college community to report all crimes and other emergencies to Franklin Cummings Tech Security in a timely manner. The college has a number of ways to report crimes, serious incidents, and other emergencies to appropriate college officials listed throughout this document.

Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire college that you immediately report incidents so that Franklin Cummings Tech Security can investigate the situation and determine the necessity to notify the appropriate law enforcement agency, issue a timely warning, or an emergency notification.

Voluntary Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from being victims. Franklin Cummings Tech does not maintain specific policies or procedures for confidential and voluntary reporting, but we encourage the college community to report crimes promptly and to participate in and support crime prevention efforts. Anyone may call Franklin Cummings Tech Security at (617)588-1355 to report concerning information.

Individuals may also report crimes through the Boston Police Department's Crime Stoppers Hotline at 1-800-494 –TIPS or on your mobile phone by texting the word TIP to 27463. Further information about the Boston Police Crime Stoppers program can be found online at <https://bostonpolicefoundation.org/crime-stoppers-text-a-tip/>

Emergency Notification and Evacuation

Emergency Notification Policy

Franklin Cummings Tech uses Campus Alerts as the Franklin Cummings Tech Emergency Notification System. The system is set up to alert students, faculty, and staff in case of an emergency affecting the College as a whole and requires that information be conveyed rapidly. Students and employees are responsible for updating their contact information each semester in order to receive emergency notification alerts.

Emergency Drills, Testing, and Evacuation Procedures

To ensure the college's emergency management plans remain current and actionable, the college will conduct an emergency management exercise once a year. These exercises may include tabletop and emergency operation exercises, or full-scale emergency response exercises.

Security and Access to Campus Facilities

Authority to Arrest and Relationships

Benjamin Franklin Cummings Institute of Technology contracts with Windwalker Security Services to provide safety and security services to the Franklin Cummings Tech community during operating hours when students are present. The service is comprised solely of unarmed, non-sworn security officers that do not have powers of arrest. All officers receive their security-based training from Windwalker and should a situation arise where law enforcement is needed, campus security officers will notify the Boston Police Department, who will respond to campus. All crimes and criminal activity are reported to and investigated by the Boston Police or other law enforcement authorities with appropriate jurisdiction.

Franklin Cummings Tech Security maintains a cooperative relationship with the Boston Police Department and other law enforcement agencies. There are currently no mutual aid agreements or radio communication interoperability with any outside agencies. Franklin Cummings Tech Security does not participate in local or regional law enforcement meetings or joint department trainings.

Accurate and Prompt Reporting Policy

We encourage all members and guests of the college community to report all crimes and other emergencies to Franklin Cummings Tech Security in a timely manner. The college has a number of ways to report crimes, serious incidents, and other emergencies to appropriate college officials listed throughout this document.

Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire college that you immediately report incidents so that Franklin Cummings Tech Security can investigate the situation and determine the necessity to notify the appropriate law enforcement agency, issue a timely warning, or an emergency notification.

Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from being victims. While there are no

specific confidential reporting policies, we encourage the college community to report crimes promptly and to participate in and support crime prevention efforts.

Individuals may also report crimes through the Boston Police Department's Crime Stoppers Hotline at (800) 494-TIPS or on your mobile phone by texting the word TIP to 27463. Further information about the Boston Police Crime Stoppers program can be found online at <https://bostonpolicefoundation.org/crime-stoppers-text-a-tip/>

Monitoring and Reporting of Criminal Activity Off-Campus

Franklin Cummings Tech relies on local law enforcement to provide information about incidents that occur off-campus involving Franklin Cummings Tech students and recognized student organizations, if applicable. If Franklin Cummings Tech Security learns of criminal activity involving a student or student organizations, it will make notification to the appropriate external law enforcement and forward information about the situation to the Dean of Academic and Students Affairs as appropriate.

The college requires all recognized student organizations and activities to abide by local, state, and federal laws, and college policies, rules, and regulations. The college may become involved in the off campus conduct of a student or recognized student organization when such conduct is determined to affect a substantial college interest.

Security Awareness Programs Policy Statement

The college posts emergency and safety procedures throughout the campus and on its website.

Crime Prevention Programs Policy Statement

The college educates students about crime prevention and college policies through educational programming highlighted at Student Orientation each semester.

The college also utilizes educational programming through the student conduct judicial adjudication process where students will learn about conduct issues as a means to avoid escalation to criminal activity.

Drug, Alcohol, and Substance Abuse Policy Statements

Franklin Cummings Tech maintains a supportive environment focused on teaching, learning, and therefore has a zero-tolerance policy on the use, possession, or intent to distribute alcohol or controlled substances, including marijuana, on campus. Students have the responsibility of conducting themselves in a professional manner at all times. Using or being in the presence of someone using, possessing or having the intent to distribute alcohol or controlled substances is prohibited.

Although Massachusetts state law permits the use of medical marijuana, i.e., use by persons possessing lawfully issued medical marijuana cards; and recreational marijuana for those 21 years or older, universities are still subject to the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989 which prohibits marijuana use, possession, and/or cultivation at educational institutions and on the premises of other recipients of federal funds. Students should not attend any courses or activities or be on the Franklin Cummings Tech premises while under the influence of alcohol or controlled substances, which includes marijuana.

Please refer to the Student Code of Conduct for specific violations of the Alcohol and Drug policies. For information regarding support with alcohol or drug use please visit: <https://franklincummings.edu/student-life/health-wellness/student-wellness-resources/crisis-support-contact-list/>

Sex Offense Policy Statements

Introduction

Benjamin Franklin Cummings Institute of Technology is committed to providing a safe learning and working environment. In compliance with federal law, specifically the Jeanne Clery Act (Clery Act) and the **Equal Opportunity, Harassment, and Nondiscrimination Policy**, Benjamin Franklin Cummings Institute of Technology has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the Franklin Cummings Tech community (students, faculty, and staff) as well as contractors and visitors.

Benjamin Franklin Cummings Institute of Technology will not tolerate sexual assault, domestic violence, dating violence, or stalking, as defined in this Policy, in any form. Such acts of violence are prohibited by Franklin Cummings Tech policy, as well as state and federal laws. Individuals who the College determines more likely than not engaged in these types of behaviors are subject to penalties up to and including dismissal or separation from Franklin Cummings Tech, regardless of whether they are also facing criminal or civil charges in a court of law.

Sexual Assault, Domestic Violence, Dating Violence, and Stalking

Sexual Assault refers to any sexual act directed against another person, forcibly and/or against the person's will; or not forcibly or against the person's will where the survivor is incapable of giving consent, as well as incest or statutory rape.

Domestic Violence includes felony or misdemeanor crimes of violence committed by:

- A current or former spouse or intimate partner of the survivor;
- A person with whom the survivor shares a child in common;

- A person who is or was residing in the same household as the survivor; or
- Any person against someone who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence refers to violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor.

Stalking occurs when an individual engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

Reporting an Incident

Benjamin Franklin Cummings Institute of Technology encourages any member of the Franklin Cummings Tech community who has experienced sexual assault, domestic violence, dating violence, or stalking, or knows of another member of the community who has experienced sexual assault, domestic violence, dating violence, or stalking to report the incident to the College.

If a Franklin Cummings Tech student, faculty or staff member, visitor, or contractor has experienced a sexual assault, domestic violence, dating violence, or stalking, they should immediately report the incident to Franklin Cummings Tech Security at x1355 from an on-campus telephone, or 617-588-1355 from an off-campus telephone.

Individuals who are on campus can also make an in-person report to the Security staff. Security will assist all members of the Franklin Cummings Tech community by assessing the incident, advising the survivor on how he or she can seek legal protection, and making the survivor aware of medical, counseling, and other support services. If a reported incident did not occur on campus, Franklin Cummings Tech Security can assist the survivor in notifying the local police department with jurisdiction over the crime. In case of an emergency or ongoing threat, a survivor should get to a safe location and call 911. Calling 911 will put you in touch with local police.

Students who have experienced a sexual assault, domestic violence, dating violence, or stalking may also report an incident to the Title IX Coordinator by calling 617-588-1676.

Employees who have experienced a sexual assault, domestic violence, dating violence, or stalking may also report an incident to Human Resources hr@franklincummings.edu.

These offices will provide survivors of sexual assault, domestic violence, dating violence, and stalking with information about available support services and resources, and also assist any survivor in notifying law enforcement, including the local police, if the survivor elects to do so.

Survivors are not required to report to area law enforcement in order to receive assistance from or pursue any options within Benjamin Franklin Cummings Institute of Technology.

Reporting sexual assault, domestic violence, dating violence, and stalking to the police (including Benjamin Franklin Cummings Institute of Technology Security) does not commit the survivor to further legal action. However, the earlier an incident is reported, the easier it will be for the police to investigate, if the survivor decides to proceed with criminal charges.

Written Notification of Right and Options

Any student or employee who reports an incident of sexual assault, domestic violence, dating violence, or stalking, whether the incident occurred on or off campus, shall receive a written explanation of their rights and options as provided for under this policy.

These rights and options include the right(s) of a survivor to:

- A. Go to court, and to file a domestic abuse complaint requesting an order restraining your attacker from abusing you, and/or an order directing your attacker to leave your household, building, school, college, or workplace;
- B. Seek a criminal complaint for threats, assault and battery, or other related offenses;
- C. Seek medical treatment (the police will arrange transportation for you to the nearest hospital or otherwise assist you in obtaining medical treatment if you wish);
- D. Request the police remain at the scene until your safety is otherwise ensured;
- E. Request that a police officer assist you by arranging transportation or by taking you to a safe place, such as a shelter or a family or friend's residence; and
- F. Obtain a copy of the police incident report at no cost from the police department.

Procedures Survivors Should Follow

If an incident of sexual assault, domestic assault, dating violence, or stalking occurs, it is important to preserve evidence so that successful criminal prosecution remains an option.

The survivor of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes prior to a medical exam or treatment. If a survivor has removed the clothing he or she was wearing during the assault prior to seeking medical treatment, that clothing should be placed in a brown paper, not plastic, bag and brought to the hospital when treatment is sought. If the survivor is

still wearing the clothes that he or she was wearing during an assault, he or she should bring a change of clothes with him or her to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime.

Evidence of violence, such as bruising or other visible injuries, following an incident of sexual assault, or domestic or dating violence, should be documented by taking a photograph. Evidence of stalking, including any communications such as written notes, email, voice mail, or other electronic communications sent by the stalker, should be saved and not altered in any way.

On Campus and Off Campus Resources

Benjamin Franklin Cummings Institute of Technology and the City of Boston offer other important resources to the survivors of sexual assault, domestic assault, dating violence, or stalking, including medical treatment, counseling services, and advocacy that survivors may wish to utilize.

The following Franklin Cummings Tech employees and on campus offices can assist members of the Franklin Cummings Tech community in considering their options and navigating through any resources or recourse they may elect to pursue.

A survivor need not formally report an incident of sexual assault, domestic violence, dating violence, or stalking to law enforcement or Benjamin Franklin Cummings Institute of Technology in order to access the following resources:

Accommodations

Regardless of whether a student or employee reports an incident of sexual assault, domestic violence, dating violence, or stalking to law enforcement or pursues any formal action, if they report such an incident to the college, Benjamin Franklin Cummings Institute of Technology is committed to providing them as safe a learning or working environment as possible. Upon request, Benjamin Franklin Cummings Institute of Technology will make any reasonably available change to a survivor's academic and/or working situation. When a reported incident of abuse involves more than one member of the Franklin Cummings Tech community, the College's Title IX Coordinator, or Benjamin Franklin Cummings Institute of Technology Security Department may also issue an institutional No Contact order, prohibiting the individuals from contacting one another, either on or off campus. For assistance, students and employees may contact the Executive Director of Employee Experience hr@franklincummings.edu

Security officers will advise survivors of a reported incident of sexual assault, domestic violence, dating violence, or stalking about how to seek a restraining order from a criminal court that directs the accused to refrain from abuse and to leave the survivor's household, building, school, college, or workplace.

Benjamin Franklin Cummings Institute of Technology is committed to ensuring that orders of protection issued by courts are fully upheld on all college-owned, used, and controlled property. Therefore, if any member of the Franklin Cummings Tech community obtains an order of protection or restraining order, he or she should promptly inform Franklin Cummings Tech Security and the Dean of Student's Office and provide the Dean of Students/Human Resources, as appropriate, with a copy of that order, so that the college can enforce it. Benjamin Franklin Cummings Institute of Technology is also committed to protecting survivors from any further harm, and if the Benjamin Franklin Cummings Institute of Technology Dean of Students/Human Resources, as appropriate, determines that an individual's presence on campus poses a danger to one or more members of the College community, the Dean/Human Resources, as appropriate, can issue an institutional No Contact or No Trespass Order barring that individual from Franklin Cummings Tech property.

Survivor Confidentiality

Benjamin Franklin Cummings Institute of Technology recognizes the sensitive nature of sexual assault, domestic violence, dating violence, and stalking incidents. We are committed to protecting the privacy of individuals who report incidents of abuse, to the extent that doing so is permitted by law and consistent with the college's need to protect the safety of the community. Different Franklin Cummings Tech officials and personnel are able to offer varying levels of privacy protections to survivors.

Franklin Cummings Tech requires all college employees to share with the College's Title IX Coordinator information they learn concerning a report of sexual assault, or an incident of domestic or dating violence, or stalking, so that the Title IX Coordinator can investigate the incidents, track trends (including possible multiple reports involving the same assailant) and determine whether steps

are needed to ensure the safety of the community. It is the survivor's choice whether he or she wishes to participate in the investigation; however, the college may proceed with an investigation without the survivor's participation if there is a concern for the safety of other members of the community.

Reports made to the Franklin Cummings Tech Security will be shared with the Title IX Coordinator in all cases and may also be made public (maintaining the survivor's anonymity) and shared with the accused in cases where criminal prosecution is pursued. Reports received by the college concerning the abuse of a minor or juvenile must be reported to state officials in compliance with state law requiring mandatory reporting of child abuse. All members of the Franklin Cummings Tech community are required by college policy to report any instances of known child abuse or neglect to Franklin Cummings Tech Security, and Franklin Cummings Tech Security will in turn report such information to the appropriate state authorities.

Reports of sexual assault, domestic or dating violence, or stalking, which are shared with Franklin Cummings Tech's the Title IX Coordinator, or other college officials, will be treated with the greatest degree of respect and privacy possible while still fulfilling Franklin Cummings Tech's obligation to investigate and effectively respond to the report. Every effort will be made to limit the scope of information shared to keep it to a minimum of detail, and only when absolutely necessary. It is the survivor's choice whether to participate in the investigation; however, the college may proceed with the investigation without the survivor's participation if there is a potential threat to other members of the community.

A survivor's ability to speak in confidence and with confidentiality may be essential to his or her recovery. Benjamin Franklin Cummings Institute of Technology thus expects employees to treat information they learn concerning incidents of reported sexual assault, domestic violence, dating violence, and stalking with as much respect and as much privacy as possible. College employees must share such information only with those college officials who must be informed of the information pursuant to college policy. Failure by a Benjamin Franklin Cummings Institute of Technology employee to maintain privacy in accordance with Benjamin Franklin Cummings Institute of Technology policy will be grounds for discipline. While federal law requires Benjamin Franklin Cummings Institute of Technology to include certain reported incidents of sexual assault, domestic violence, dating violence, and stalking among its annual campus crime statistics, such information will be reported in a manner that does not permit identification of survivors.

Benjamin Franklin Cummings Institute of Technology Educational Programs

Benjamin Franklin Cummings Institute of Technology is committed to increasing the awareness of and prevention of violence, rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before they occur. To this effect, Benjamin Franklin Cummings Institute of Technology requires employees and students to participate in annual Title IX: Preventing Sexual Misconduct training.

Conduct Proceedings

Benjamin Franklin Cummings Institute of Technology strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal investigation and prosecution, students, employees, and other affiliates may also face action by Benjamin Franklin Cummings Institute of Technology. When students or employees are accused of having engaged in sexual assault, domestic violence, dating violence, or stalking, the college may, depending on the facts alleged, issue interim safety measures prior to the resolution of the charges. Such interim safety measures might include issuing No Contact orders between the parties, altering an individual's work or class schedule, placing an employee accused of misconduct on administrative leave, or placing a student accused of misconduct on an interim suspension.

Franklin Cummings Tech's Title IX Coordinator will oversee all investigations of allegations of gender-based violence. Employees who are found responsible for having committed such a violation could face termination of employment, and students who are found responsible for having committed such a violation may face disciplinary probation, deferred suspension, suspension from the college, or dismissal from the college. In addition, Benjamin Franklin Cummings Institute of Technology may issue No Contact Orders and No Trespass Orders to those found responsible.

If a Title IX investigation concludes that evidence exists which suggests a student more likely than not engaged in sexual assault, domestic violence, dating violence, or stalking, the matter will be referred to the Dean of Students office for adjudication pursuant to the Student Code of Conduct. The Office of Human Resources will handle any incidents involving employees and college affiliates who are found by the college to have engaged in behavior that violates college policy, including but not limited to sexual assault, domestic violence, dating violence, or stalking.

All conduct proceedings, whether the conduct is reported to have occurred on or off campus, shall provide a prompt, fair, and impartial investigation and resolution.

Benjamin Franklin Cummings Institute of Technology seeks to investigate and adjudicate any official complaints of sexual abuse, domestic violence, dating violence, or stalking that are filed with the College within sixty (60) days of receipt of that complaint, unless mitigating circumstances require the extension of time frames beyond sixty (60) days. Such circumstances may include the complexity of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, college breaks or vacations that occur during the pendency of an investigation, or other unforeseen circumstances. In these matters the complainant and the respondent shall be notified, provided an explanation, and given information about the amount of additional time required.

In all investigatory and adjudication proceedings conducted by the college concerning charges of sexual misconduct, domestic violence, dating violence, or stalking, including any related meetings or hearings, both the complainant and the respondent will be afforded the same process rights, including equal opportunities to have others present. This includes the right to be accompanied by an advisor of their choice. Both the complainant and respondent will also be afforded an equal opportunity to introduce evidence and identify witnesses.

When a student is accused of any violation of the student conduct code, including but not limited to charges that he or she engaged in sexual assault, domestic or dating violence, or stalking, the charges will be decided using the preponderance of evidence standard, which means that it is more likely than not that the reported misconduct occurred. The Title IX Coordinator (or designee) has discretion to decide whether sufficient evidence warrants referring charges of misconduct against a student to a Student Conduct Board (a “Board”). Full information about the Student Conduct Board process can be found in the Student Handbook.

When the Title IX Coordinator completes an investigation and/or when a Board issues a decision, both the complainant and the respondent shall simultaneously be informed in writing within 2 business days of the outcome of the investigative or adjudicative proceeding. Both the complainant and respondent will be given the same procedures and timeframe to appeal the outcome of the proceeding, both parties will receive the same process rights if an appeal is granted, and the parties will both receive timely notice when the outcome becomes final. Disclosure of the outcome shall be made to both parties unconditionally, and each shall be free to share or not share the details with any third parties. Full information about the appeals process can be found in the Student Handbook.

For additional information about employee conduct please consult the Employee Handbook and/or Student Handbook.

Registered Sex Offender Policy Statement

Franklin Cummings Tech supports the laws of the Commonwealth of Massachusetts and any members of our community that are registered sex offenders must comply with the mandates of the Commonwealth of Massachusetts. To search for registered sex offenders online visit <http://www.mass.gov/eopss/agencies/sorb/>.

Disclosure of Results of Disciplinary Proceedings Policy Statement

In an instance when any crime or non-forcible sexual assault occurs, both the complainant and the respondent shall simultaneously be informed in writing within 2 business days of the outcome of the investigative or adjudicative proceeding. Both the complainant and respondent will be given the same procedures and timeframe to appeal the outcome of the proceeding, both parties will receive the same process rights if an appeal is granted, and the parties will both receive timely notice when the outcome becomes final. Disclosure of the outcome shall be made to both parties unconditionally, and each shall be free to share or not share the details with any third parties.

Hate Crimes

Hate crimes: the Clery Act requires institutions to separately report all Hate Crime statistics on any of the previously mentioned offenses or any other crime involving bodily injury reported to local police agencies or to a campus security authority, that manifest evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories.

There are six types of bias categories: Race, Gender, Religion, Sexual Orientation, Ethnicity and Disability. FBI UCR Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection must be used in crafting the reporting of these related statistics.

- a) Race: negative attitude toward a group of persons who possess common physical characteristics such as color of skin, eyes, and/or hair, facial features genetically transmitted which distinguish them as a distinct division of humankind, e.g. Asians, blacks, whites.
- b) Gender: negative opinion or attitude toward a group of persons because those persons are either male or female. Gender bias is a Clery Act specific term that is not found in the FBI Hate Crime Data Collection Guidelines.
- c) Religion: negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin of the universe and existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, Muslims, atheists, etc.
- d) Sexual orientation: negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsive to, members of their own sex or members of the opposite sex, e.g., gays, lesbians, heterosexuals.
- e) Ethnicity/national origin: negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions, e.g., Arabs, Hispanics.

f) Disability: negative opinion or attitude toward a group of persons based on their physical or mental impairment/challenges whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Geographic Definitions

Colleges and universities are required by law to report the above mentioned crimes and referrals in four different geographic designations (i) on-campus; (ii) student housing facilities; (iii) non-campus property; and (iv) public property.

a) On-campus: Any building or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition that is owned by the institution but controlled by another person, if frequently used by students, and supports institutional purposes (such as food or other retail vendor). Franklin Cummings Tech's campus is located at 41 Berkeley Street, Boston, Massachusetts and is on a parcel of land that in which Tremont Street, Berkeley Street, and Appleton Street, all of which are in Boston's South End neighborhood, serve as the campus boundaries.

b) Student housing facility: Franklin Cummings Tech does not own student housing on-campus or lease within the main-campus geographic proximity.

c) Non-campus property: any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institutions educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

- Effective August 31, 2019, Franklin Cummings Tech no longer offered campus housing.

d) Public property: all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Crime Statistics

The following crime statistics for selected crimes that have been reported to local police agencies or to campus security authorities. The

statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the subcategories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented. This report complies with 20 U.S.C.1092(f).
