Discovery Days at Franklin Cummings Tech

Franklin Cummings Tech invites you to a series of free, 3-hour events that will help your students think in new ways about college and careers. Each Discovery Day includes presentations, conversations with our students/alums, hands-on activities focused on a variety of high-demand STEM fields, engaging tours of the school, food, and prizes.

BIOTECH AND OPTICIANRY DAY

Wednesday, November 6, 2024, 10am-1pm

Interested in careers where you can be on the cutting edge of technology while improving health outcomes? Learn what it's like to work in a Biotech lab on novel therapies for cancer and other disease and discover how a career as an Optician combines eye health with high fashion.

ENGINEERING DAY

Wednesday, November 20, 2024, 10am-1pm

Explore careers in engineering technology and electrical engineering, with a special focus on electric power and sustainability. Learn what it's like to work in power engineering, robotics, automation and electronics.

CYBER DAY

Tuesday, December 3, 2024, 10am-1pm

Cybersecurity is a field whose impacts extend beyond the digital world and into the physical one, helping keep personal data safe and creating better experiences for computer users. Learn how careers in Cybersecurity can be both lucrative and rewarding.

AUTO DAY

Tuesday, March 4, 2025, 10am-1pm

Today's cars are like computers on wheels. Learn about career paths for technicians who have the skills to repair these complex machines, including hybrid and electric vehicles.

CONSTRUCTION MANAGEMENT AND THE TRADES DAY

Wednesday, March 19, 2025, 10am-1pm

Explore careers in Construction Management, HVAC&R Technology and Practical Electricity and learn about the high-tech systems that help maximize energy efficiency in today's homes and commercial properties.

CLEAN ENERGY TECH DAY

Thursday, April 3, 2025, 10am-1pm

Learn about careers in renewable energy (such as wind and solar energy generation technology), as well as the tech that keeps EV cars running smoothly and with maximum energy efficiency.
